

Use PAFWiz 2.0 to Enjoy This List of Major Improvements for PAF 5

Incline Software is working to make PAFWiz compatible with the new FamilySearch Family Tree system from the LDS Church.

PAFWiz 2.0 is a major upgrade to PAFWiz, which has been an enhancement add-on for PAF 5 since 2003. Incline Software originally wrote what became the first Windows version of PAF. PAFWiz 2.0 represents years of enhancements to make the program so much better. Below is a partial list of improvements available to a user of PAF 5 though PAFWiz 2.0.

Usability Enhancements
